

| Website | Description |
|---|---|
| Project Management Institute | This is an accrediting organization that will both certify someone as a Project Management Professional, and provide resources for project managers. |
| Adobe Captivate 6 | A great tool for creating tutorial videos and instructional materials for both online and local consumption. |
| Box | This is an online storage and collaboration solution that allows you to store your files in the cloud, and access them anywhere there is internet. In addition it provides many collaborative elements that can significantly enhance productivity. |
| Microsoft Office Help & Support | A great support site to ask Microsoft Office questions, or to direct new users to so that they can familiarize themselves with Office. |
| Mac Tutorials | Similar to the above site, this is Apple's Mac tutorial page. I often direct users who have just switched from PC to Mac to this site so they can get accustomed with their new computer. |
